The Rev. T. DeWitt Talmage says—
"A newspaper whose columns overflow with the advertisements of business men has more influence in attracting attention to and building up a city or town than any other agency that can be employed. People go where there is business. Capital and labor will locate where there is enterprising community. No power on earth is so strong to build up a town as newspapers well patronized, and this power should be appreciated."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. DOVER has raised her "quarantine" against Maysville. The ridiculous part of the proceeding was the failure to quarantine until all danger was past.

THE smallpox is about wiped out in Fleming county, in Maysville and in Dover; but it is raging with unabated fury at Mt. Olivet. It is not safe for any one to venture near that town—if he doesn't want to be "held up" by armed guards.

It is pleasing to note that The Fleming Gazette this week corrects the injustice it did to Dr. ADAMSON last week. Bro. WILT admits that he was "guided by reports somewhat exaggerated." A newspaperman ought never believe anything he hears second or third-handed. The only safe way is to see and learn for one's self, or if that be impossible, to get the statement from one whom you know to be reliable.

J. B. MATTHEWS, who was Assistant Secretary of State under CALEB POWERS, was a witness in the Howard trial at Frankfort. In answer to a question he said that one of the Attorneys for the defense, then acting with the prosecution, told him he was authorized by the prosecution to state that he—MATTHEWS—would be given immunity if he would swear that he led the assassin into and out of the Secretary of State's office. "This convinced me that they were trying to convict POWERS and others by perjured testimony," said MATTHEWS.

YOUTSEY now swears that the "fit" he had in the Courtroom when his own trial was in progress was "all a fake"—that he was perfectly conscious and knew everything that transpired. THE LEDGER was among hundreds of other newspapers that condemned the apparent brutality of the Court officials in continuing the trial under the circumstances, and it now takes pleasure in recalling the unkind things said of Judge CANTRILL and Prosecutor FRANKLIN at the time. They were right, THE LEDGER's criticisms were unjust, and its sympathy for YOUTSEY was worse than wasted.

JOHN DULEY,

It is high time to put the Mafia out of business in the United States. That kind of immigrant cannot be too soon or too often invited to fill the electric chair.

PRESIDENT HADLEY of Yale said that a mistake was made after the Civil War in giving the Negro the ballot before he was prepared to use it intelligently. He followed this statement by declaring the suppression of the Negro vote inevitable, but he added that a mistake fully as great as giving the Negro unprepared the franchise would be to withhold it from him.

"The colored race was given freedom and the ballot with a rapidity which even the French Nation did not parallel," he said. "A corrupt Government followed after the Negro allowed the use of his vote to unscrupulous persons of his own race, to adventurers from the North. It was not the fault of the Negro. It was the fault of those who gave him the ballot without previous preparation."

"When the North recognized the conditions which prevailed in the South it acquiesced in the suppression of the Negro vote. The fact that the Negro vote was restricted showed that it was inevitable. I shall not attempt to predict the outcome, but one thing should be said. The error of those who said thirty years ago that the Negro could be given the ballot before he was prepared for it was no greater than that of those who today think that those rights can be withheld from him after he has developed and is ready for them."

Louisville Evening Post.

Whatever importance one attaches to the statement of Youtsey concerning Howard, Youtsey's confession of Youtsey's feigned fits and to a pretended nervous collapse, merely to influence the Jury, is a complete vindication of the course of Judge Cantrill and Mr. Franklin at that time.

Though the examining physicians were deceived, the Judge was not deceived, Mr. Franklin was not deceived, and the trial proceeded.

At the time it seemed as if the course was unnecessarily severe, and that a man was being tried for his life when he was not in a fit condition to face his accusers. Now it is seen that he was merely an expert imitator, a mimetic artist of unusual power.

The Evening Post confesses that it was deceived by this feigning, and it bears its testimony to the clearer insight of the officers of the state.

LOSS OF SLEEP MEANS
LOSS OF MIND.

Inability to Sleep is Nature's Plain Warning of An Exhausted Nervous System, of a Condition That Means Complete Nervous Prostration or Insanity if Allowed to Continue.

DR. A. W. CHASE NERVE PILLS

Give Sleep of the Most Natural, Restful Type by a Steadying, Quieting, Soothing Influence on the Nerves, Due to Their Direct Tonic and Nourishing Effect on the Half-Starved Nerve Centers.

A NERVE TONIC NEVER EQUALED

THIS SHAPED BOX—NO OTHER

When you overwork any muscle or set of muscles they tire and must have rest. What is true of muscle is doubly true of the brain, as from it emanates all power to work, to act, to think. The brain is full of little cells that during the waking hours are never quiet in their efforts to furnish to every organ the power to do its duty. Rob these little cells of their rest at night, keep them at work all the time, and soon they tire, refuse to act, fail to generate nerve force, and the system goes to ruin. Bromides, sedatives, opiates only hasten the end—they do not build up, they tear down.

The true remedy, the only cure, lies in Dr. A. W. Chase's Nerve Pills, a medicine that revitalizes, reinvigorates, and by properly nourishing these overworked little cells give them rest and quiet and enable one to sleep naturally and easily again.

Mrs. E. H. Masters of No. 130 West Walnut street, Titusville, Pa., says: "I was sick all last summer; run way down, weak, nervous, twitching and jumping at night, rest broken, memory poor and generally miserable. Dr. A. W. Chase's Nerve Pills were bought for me and they are a grand tonic. They pulled me up, gave me strength and rest and enabled me to sleep peacefully. As a whole the result was splendid, and I am glad to recommend the medicine as a grand tonic to the brain, nerves and system generally."

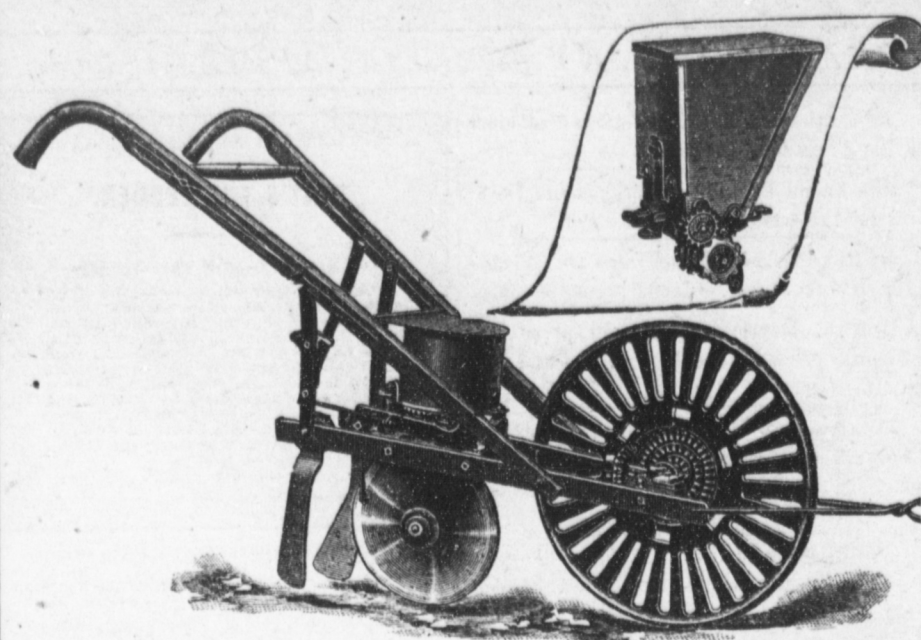

MAYSVILLE, KY.

Mr. A. J. Carnahan of No. 228 Sixth street, Maysville, Ky., says:

"I have used Dr. A. W. Chase's Nerve Pills in my family for severe nervousness, sleeplessness and dizziness, and have found them steady the nerves, induce sleep and dispel dizziness. From a practical test of this medicine I can recommend it as an excellent nerve tonic. They are for sale at Chenoweth's Drugstore."

BEWARE OF IMITATIONS—Signature and Portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50c a box, or Dr. A. W. Chase Medicine Co., 257 Washington street, Buffalo, N. Y.

Three employees of the Illinois Central Railroad have been arrested in Chicago for defrauding the company by means of bogus pay checks. The total amount may reach many thousands dollars.

President Washington's Cabinet consisted of a Secretary of State, Secretary of Treasury, Secretary of War, Attorney General and Postmaster General. In 1798 a Secretary of the Navy was added; in 1849, Secretary of the Interior; in 1889, a Secretary of Agriculture, and now a Secretary of Commerce.

Important Announcement of the Maysville Gas Company.

Per Thousand
Under 2,000 cubic feet.....\$1.50
Over 2,000 cubic feet and under 3,000 cubic feet.....\$1.25
3,000 cubic feet and any amount over.....\$1.00

At a meeting of the Board of Directors of the Maysville Gas Company March 28th, 1903, it was ordered, that on and after the 1st day of April, 1903, the above sliding scale price of gas for all purposes, fuel and illuminating, should go into effect for private consumption.

All rates and discounts heretofore made are abolished.

It was also ordered that after the 1st of April the old rule of the Company, "Gas will be turned off, if account is not paid within five days after presentation," shall be strictly and indiscriminately enforced, regardless of whom it may concern. (This action was taken, not to appear arbitrary, nor with the idea that the accounts of the consumers were not perfectly good any time during the month, or a year later for that matter, but for the good of all concerned and in order that this part of the business of the Company might be taken up at a specified time during the month and disposed of, and further in order that the time and thought of the Company's Agents and employees, now so largely occupied with the work of collecting, might, for the balance of the month, be directed towards giving consumers of gas better attention and more efficient supply and service.

It was further ordered that, beginning the first of May, and for each and every month thereafter, the monthly statement of account of each consumer should be delivered to said consumer by an Agent of the Company on the first day of the month, or second day if the first comes on Sunday, and that said account shall thereafter be due and payable at the office of the Company on Court street within five days, and if not so paid gas will be promptly shut off.

The Gas Company further announces that after the first day of April they will handle and sell at cost price to gas consumers any of the great variety of Gas Stoves and Ranges shown in the catalogue of the Detroit Stove Works, which price will be equivalent to 50% discount from the list prices in said catalogue. Said stoves will be sold for cash only, or according to the terms of a printed lease, whereby easy payments are extended over a period of from twelve to seventeen months. For instance: Take a gas range listed in catalogue at \$26; the Gas Company will sell this range to consumer for \$13 cash, or for \$2.50 cash at signing of lease and 60¢ per month for seventeen months, at the expiration of which time the range is sole property of consumer.

The Company has selected to handle the Detroit Jewel Gas Range on account of its known reputation for durability and economy in its consumption of gas.

The Gas Company will also handle at cost the fixtures and mantels of the Welsbach Company in all of their many attractive varieties.

Before closing this announcement the Gas Company wishes to publicly express its appreciation of the eminently fair, just and courteous treatment accorded them by His Honor, the Mayor, and Board of Councilmen, particularly the Chairman and members of the Gas Committee, through whose efforts in behalf of the private consumers the above concessions in the price of gas are now made.

With the assurance to the citizens of Maysville that it will be the earnest effort of the Company and its Agents to give you the very best service at the very least cost, we beg to remain, very respectfully,
MAYSVILLE GAS COMPANY.

P. S.—On and after the 1st of April the Gas Company will have on exhibition at the plumbing establishment of Mr. Larry Langefels samples of the Detroit Jewel Gas Ranges, to the inspection of which those interested are cordially invited. You can leave your order for a range with any representative of the Gas Company, Mr. Langefels or your regular plumber, with either of the latter of whom you will have to make arrangements for connecting and fitting up range for use in case you place your order.

PURE BLOOD

Necessary to Life.
Vinol Makes it.

POOR BLOOD CAUSES ERUPTIONS AND WEAKNESS.

Vinol Makes Pure, Rich, Red Blood.

BECAUSE WE KNOW THIS WE GUARANTEE ITS ACTION.

Impoverished blood is a sure sign of internal disorders. We see every day too many people whose faces plainly show that there is something radically wrong.

We want all of our fellow-citizens to know of our splendid blood purifier and blood maker.

We refer to Vinol.

Vinol, as we have before stated, is a purely scientific preparation. Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles, taken from the livers of live cods—the same elements that formerly were found in cod-liver oil, and which made it famous.

Vinol does not contain the grease or fat that characterized cod-liver oil and made it in many cases worthless.

Vinol acts upon every one of the great vital organs, and by invigorating and giving them strength, enables them to properly perform their functions.

Vinol's effect on the stomach is marvelous. It tones up this, the greatest of the organs of the body, and enables it to obtain from the food which is taken into it the necessary elements to create flesh and muscle tissue, bone structure and pure, rich, red blood.

We are in receipt of a letter from a Salvation Army woman which reads as follows:

"I took Vinol after a bad attack of grippe, and so much good did it do me that I persuaded my sister to take it. She was all tired out. Had no appetite and her blood was very poor. It did her as much good as it did me."—BETSY HABERSHAW, 718 River St., Fall River, Mass.

Won't you please come in and see us? We are always glad to extol the merits of Vinol.

We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

CLOTHING TALK!

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.

Let us show you our new Shirts, new Hats, new Neckwear, etc., etc.

Dan Cohen's Wonderful Shoe Business

Has been the surprise of all the shoe dealers in Cincinnati. Goods bought in carload lots for spot cash by buyers of long experience and good judgment is the reason we can sell GOOD GOODS for LESS MONEY THAN OTHER PEOPLE.
